

Dear Parents,

We would like to take a moment to thank you again for your continuous support. We have just recently completed our second and final fund raiser for the school year, and we know without you the funds to purchase items for our students and the ability to plan upcoming events would not be possible.

We would like to tell you that this year we have been able to help add to the equipment in the gym, make some much needed repairs on gym mats and we are currently looking into the purchase of new pinnies as well as uninforms. We have a very special event coming in June, the BC Vancouver Aqua Van. We hope all will enjoy!

We would really like your input on what your PAC should spend fund raising money on. We do realize that not everyone is able to attend PAC meetings. Below are a few ideas brought up at our last meeting. Please take the time to check which item(s) you would like to see purchased. Please return to school.

_____playground equipment

_____cultural events

_____brush clean up, in forest

_____sports equipment

_____bike racks

_____extracurricular resources

_____other

We also would like your suggestion on the type of fundraising you would like to see the PAC do.

We appreciate your time and input.

Thank you
Robert Ogilvie PAC
